CalScape Expo 2007 People's Choice Booth Award Winners

Ukiah, CA – Sunborne Nursery of San Francisco once again created a stunning display of specimen foliage and was voted top booth by attendees at the recently concluded CalScape Expo. Sunborne's gorgeous array of foliage colors and shapes attracted the most votes, closely followed by second place winner Rolling Greens, Culver City, CA, with their artful display of containers and plants. The Plant Stand, Costa Mesa, CA, took third place with a booth display highlighted by beautiful dish gardens. San Francisco Foliage/LA Tropicals, San Francisco, CA, received fourth place and Nurserymen's Exchange, Half Moon Bay, CA, won fifth place. The exhibitors were congratulated on their contributions to the show's appearance and camaraderie, features that make CalScape Expo a unique and celebrated industry event.

Ten first-time exhibitors at CalScape's Exhibitor Showcase included Austin Plant Design, Architectural Precast GRC (USA) Inc., Schubert Nursery Inc., BotaniWipe, Deigaard Nursery Inc., Milgro Nursery LLC, Mellano & Company, NewPro Corp., Jungle Jack's Palms, and Plastec, in a showcase featuring 62 different exhibitors in 91 booths. Over 600 people attended the interiorscape convention and expo, which focuses on professionals who design, install and maintain interior plantings in environments as diverse as office buildings, malls, casinos, and residences. Over half of the registrants came from outside California to attend this, the Plantscape Industry Alliance's second conference in a location outside of California.

CalScape Expo 2008 will be held at the Palm Springs Convention Center & Wyndham Hotel, Palm Springs, CA, Sept. 17-19, 2008.
